1 **NATION**

2 **2023-1 Provide for the National Defense**

3 *Whereas*, this world is rapidly becoming a more dangerous place, and

4 *Whereas*, peace is possible through strength, not weakness, and

5 *Whereas*, our electric grid is at serious risk from EMP attack, sabotage, cyberattack, and natural disasters, and

6 *Whereas*, the humiliating Afghanistan debacle has created the belief that the U.S. military, once seen as the guardian of
7 the free world, has become just another impotent bureaucracy at its highest levels, and

8 *Whereas*, our bloated military high command with its woke politically correct policies and politically motivated
9 vaccination mandates signals weakness while it threatens our military preparedness and the morale and recruitment of
10 young patriotic Americans, and

11 *Whereas*, Russia’s invasion of the Ukraine, China’s threat to Taiwan, and the nuclear ambitions of Iran call for a stronger,
12 not weaker American military.

13 **RESOLVED** that the Republican Party of Sheboygan County in caucus assembled,

14 1. supports a national infrastructure program to protect our electric grid from foreign or domestic attacks and
15 natural disasters, and

16 2. supports the removal of those generals and admirals more interested in social engineering than in national
17 defense, and

18 3. urges the Biden administration and the military high command to maintain our military preparedness to deal
19 with a broad range of threats both at home and abroad.

20

21 **2023-2 Secure the Borders**

22 *Whereas*, a safe nation requires secure borders, and

23 *Whereas*, the speed and ease of travel has made every state a border state, and

24 *Whereas*, we welcome legal immigration that has kept the American dream alive, and

25 *Whereas*, illegal immigration is destroying that dream by overwhelming our social safety nets and creating more crime,
26 more vote fraud, more homelessness, and more societal chaos, and

27 *Whereas*, the Biden administration has refused to secure our borders; has enabled the smuggling of fentanyl and other
28 illegal drugs; and is actively engaged in human trafficking by transporting illegal aliens into our cities often under cover
29 of darkness and with the silence of a complicit press.

30 **RESOLVED** that the Republican Party of Sheboygan County in caucus assembled,

31 1. calls on Congress to impeach President Biden for refusing to enforce immigration law on our southern border;
32 for attempting to block the border states from doing so; and for engaging his administration in the high crime of
33 human trafficking, and

34 2. calls on Congress to either order President Biden to complete the border wall or empower border states to do
35 so, and

3. calls on the Wisconsin State Legislature to demand that the governor send the Wisconsin national guard to aid the national guards of southern border states in defending their, and our, border from invasion, and
4. calls on the Wisconsin State Legislature to demand that the Wisconsin State Patrol arrest anyone engaged in human trafficking, including those employed by federal agencies, and
5. demands that county sheriffs do the same, and
6. calls for the deportation of illegal entrants, and
7. calls on Congress to end chain migration and birthright citizenship.

2023- 3 Recover Energy Security

Whereas, this nation has been blessed with ample supplies of clean coal, oil, and efficient clean burning natural gas, and

Whereas, it makes little sense for this country to buy from abroad what it has at home, and

Whereas, windmills and solar panels with various forms of batteries are unable to meet current, much less future demand for electricity, as they are ineffective in extreme or cold weather, are costly to build, maintain, and decommission, and

Whereas, this country, which was both energy independent and an exporter of energy, now faces critical shortages and subsequent inflationary price increases because of the Biden administration's war against fossil fuels and nuclear power, and

Whereas, it is dangerous to be dependent upon unstable and often hostile countries for vital supplies of energy, and

Whereas, in Wisconsin and elsewhere both aging nuclear plants as well as clean burning coal plants are being forced to shut down, creating a serious energy crisis for this state, and

Whereas, moving oil and gas by pipelines is far safer and more efficient than by rail and truck, and

Whereas, it is dangerous to enable actively managed investment funds with connections to "green" energy monopolies to control our public utility companies, and

Whereas, "incentives" to car companies for rapid electrification are simple crony capitalism that increase our dangerous reliance on unreliable electric generation monopolies.

RESOLVED, that the Republican Party of Sheboygan County in caucus assembled,

1. urges our Congressional delegation to demand that the Biden administration stop destroying our fossil fuel and nuclear power industries, and
2. urges both federal and state governments to adopt policies that increase our electricity generation and distribution capacity through smart use of a variety of options including fossil fuels and nuclear, both fission and fusion research, and
3. urges Congress to force the FERC (Federal Energy Regulation Commission) to strictly limit the investment and control of our public utilities by large ESG investment funds like Blackrock, State Street, and Vanguard, and
4. urges Congress to discontinue all taxpayer subsidies to electric car manufacturers, along with arbitrary and unrealistic EPA demands, and leave it to the free market to direct and fund development, and
5. rebuild our strategic oil reserves which are to be used for national emergencies, not for political expediency.

1 **2023-4 Stop Taxation through Inflation.**

2 *Whereas*, the United States serves as guardian of the dollar that is the dominant world currency, and

3 *Whereas*, unrestrained US federal printing of trillions of dollars to pay for unfunded US federal spending threatens both
4 the survival of this nation’s economic system and the economic security of the entire world, and

5 *Whereas*, dramatically increasing our money supply reduces the value of our currency thereby imposing an insidious
6 inflation tax that hurts the poor the most by raising the prices of all staples and wipes out the savings and investments of
7 the middle class.

8 RESOLVED that the Republican Party of Sheboygan County in caucus assembled,

- 9 1. supports only candidates who understand the danger of irresponsible federal spending, and
- 10 2. urges Congress to cut spending rather than endlessly increasing our debt limits, and
- 11 3. supports only candidates for state and local office with the courage to resist the lure of “federal grants”
12 which Washington uses to corrupt state and local officials and to bribe citizens with their own money to
13 become a permanent peasant class dependent on government largess, and
- 14 4. supports candidates who demand annual zero-based budgeting rather than unaccountable federal spending
15 through continuing resolutions, and
- 16 5. calls on Congress to transfer monetary responsibility from the Federal Reserve back to the U.S. Treasury.

18 **2023-5 Encourage Free Speech**

19 *Whereas*, the internet has become an essential public service, and

20 *Whereas*, many social media companies no longer serve as neutral platforms but edit news, censor opinion, and ban
21 those with whom they disagree, and

22 *Whereas*, tech oligarchs now violate every citizen’s rights to free speech and to free inquiry through their control of
23 search engines, and

24 *Whereas*, federal agencies, most notoriously the FBI, have unlawfully colluded with tech companies to limit freedom of
25 speech and censor the news to influence elections, and

26 *Whereas*, many universities are enacting speech codes that violate the most basic principle of free inquiry, and

27 *Whereas*, no free republic that violates freedom of speech can long endure.

28 RESOLVED that the Republican Party of Sheboygan County in caucus assembled

- 29 1. calls on Congress to update the laws of libel to subject social media companies that are not
30 simple platforms to lawsuit, and
- 31 2. calls on Congress to break up our too powerful multi-national tech monopolies, and
- 32 3. calls on Congress to use its power of the purse to rein in its law enforcement agencies and its education
33 department’s title IX abuses.

STATE

2023-6 Guard State Sovereignty

Whereas, our founders developed a constitutional system of government with the strength to unify a geographically and culturally diverse nation while protecting the regional and local autonomy of every state, and

Whereas, the Constitution has done so by limiting the power of the federal government to specific enumerated areas and requiring that it rule by law, not by the arbitrary dictates of politicians or government agencies, and

Whereas, the 10th amendment states “the powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people”, and

Whereas, the DOJ has imprisoned its political enemies without trial for misdemeanor offenses and has threatened citizens who exercise their right to freely assemble or speak out in local school board meetings, and

Whereas, the FBI has colluded with tech companies to subvert national elections and deploys SWAT teams to harass journalists and other private citizens, and

Whereas, OSHA has exercised dictatorial control over every nuance of business activity in this country, and

Whereas, the IRS has been used as a weapon against political enemies, and

Whereas, no person or private business can defend himself, herself, or itself from tyrannical federal agencies.

RESOLVED that the Republican Party of Sheboygan County in caucus assembled,

1. calls on our state legislators to work together with other liberty loving state governors and legislatures to determine how best to defend their citizens from overly zealous federal agencies, and
2. demands the State of Wisconsin Legislature immediately pass legislation that requires any transfer to the federal government of Wisconsin State land and water that is held in public trust be approved by the Wisconsin State Assembly and Senate.
3. promises to fight to elect or reelect Constitutional representatives.

2023-7 Secure our Elections

Whereas, Democrat controlled federal agencies such as the FBI have colluded with US based international tech companies to interfere in our elections, and

Whereas, managing elections is a state responsibility, not a federal responsibility, and

Whereas, the findings of both the Gableman and Legislative Audit Bureau investigations of the 2020 election have raised serious doubts about the integrity of Wisconsin’s elections, and

Whereas, The Democrat Party has been using outside money to administer elections and to engage in ballot harvesting in counties that it controls, and

Whereas, Wisconsin’s most populous Democrat governed counties and municipalities refuse to enforce election law, leaving their jurisdictions rife with illegal vote harvesting and voter registration fraud, and

1 Whereas, counties and municipalities that are unable to control crime, from homicide to shoplifting, lack both the will
2 and the means to stop illegal vote harvesting, and

3 *Whereas*, the Wisconsin Elections Commission, like the GAB before it, has become complicit by issuing “guidance” that
4 enables voter fraud, and

5 Whereas, Wisconsin voters have given the Assembly a 64-35 majority and the Senate a 22-11 supermajority, thereby
6 giving them control over appropriations, and

7 Whereas, Assembly speaker Robin Vos has not articulated a clear plan to deal with the election integrity concerns of
8 Wisconsin Republican voters.

9

10 RESOLVED that the Republican Party of Sheboygan County in caucus assembled

- 11 1. calls the Wisconsin legislature to formally censure the federal administration for violating Wisconsin
12 sovereignty by interfering in its elections, and
- 13 2. declares that the only way to restore faith in our elections in the face of so many well-financed, creative vote
14 harvesting operations is to return to same-day, in-person voting with the only exceptions being absentee ballots
15 issued only for cause, and
- 16 3. calls the WEC to require those now termed “indefinitely confined” to simply use the absentee ballot
17 procedure, and
- 18 4. calls the Sheboygan county board and county municipalities to refuse private “grants” for election
19 administration and staffing and calls the Wisconsin Legislature to outlaw such grants throughout the state, and,
- 20 5. calls the DMV to continue denying Wisconsin driver’s licenses to non-citizens, and
- 21 6. calls our county to continue to use paper ballots counted by simple voting tabulators with no wifi modems or
22 internet capability, and
- 23 7. calls municipal clerks to delete voter registrations of all inactive voters every four years, and
- 24 8. asks the legislature to require landlords to inform municipal clerks when tenants vacate, and
- 25 9. calls the state registrar’s office to automatically update voter registration rolls whenever it receives death
26 certificate notification, and
- 27 10. calls the county sheriff and prosecutor to investigate and prosecute any individual who engages in election
28 fraud and clerks who facilitate the same, and
- 29 11. calls on the legislative leadership of the Assembly to articulate and implement a plan to use its considerable
30 power of the purse to encourage all municipalities to enforce election law.

31

32

33 2023-8 Defend Life

34 *Whereas*, our Constitutional republic is based on the central idea that the Creator has endowed every person with the
35 unalienable rights of life, liberty, and the pursuit of happiness, and

36 *Whereas*, it is the primary function of government to protect those rights, and

37 *Whereas*, the lives of our most vulnerable citizens, the unborn, need protection.

38 RESOLVED that the Republican Party of Sheboygan County in caucus assembled

- 39 1. declares itself to be unabashedly pro-life, and

2. commends our Republican legislature for passing four bills limiting abortion and condemns Democrat governor Tony Evers for vetoing them, and
3. demands that government at every level deny taxpayer funding to any organization at home and abroad that kills unborn children or encourages others to do so, and
4. rejects the use of embryonic stem cells harvested from clinical abortions, and
5. opposes the practice of eugenics and assisted suicide, and
6. demands that our state legislators support all pro-life laws and reject legislation that does the reverse (2022 Assembly Bill 36), and
7. urges the Legislature to prohibit tax dollars be used to transport individuals to and from states that provide abortion killing centers, and
8. instructs our Congressional delegation to do everything in its power to stop the human rights violations of other nations, including the human organ harvesting industry being maintained by the Chinese Communist Party.

2023-9 Maintain the Right to Self Defense

Whereas, the second amendment is unique to America, literally placing power in the hands of the citizens, and

Whereas, Democrats are engaged in a war against gun ownership, and

Whereas, the dramatic increase in gun ownership and concealed carry permits is a result of the failure of politicians to enforce law and is not the cause of lawlessness.

RESOLVED that the Republican Party of Sheboygan County in caucus assembled

1. demands our State legislators to abide by their oaths to uphold the Wisconsin Constitution and fully carry out the duties of Article I Section 25, "The people have the right to keep and bear arms for security, defense, hunting, recreation or any other lawful purposes", and
2. calls on our government to protect law-abiding citizens, law enforcement officers, and manufacturers of firearms and firearm accessories from civil and criminal litigation in the event a legally permissible firearm is used in defending themselves, their property or that of others, and
3. demands that our government NOT restrict the sale or ownership of lawfully produced guns clips/magazines, and ammunition, and not impose extraordinary taxes or fees on the same, and
4. demands that our legislature oppose any registry of firearms, accessories, or ammunition by any public or private financial institution, credit card company or common carrier, and
5. demands that District Attorneys enforce gun laws on the books that deny felons the right to bear arms, and
6. calls on our state government to amend the definition of "schools" in Wis & 948.61(1)(b) to exclude private and home schools on private property from regulation under Wis & 948.60, and
7. call on the legislature to permit the use of appropriately armed personnel in schools.

1 **2023-10 Demand Equal Justice**

2 *Whereas*, prosecutors and judges must administer justice and maintain the rule of law, and

3 *Whereas*, we are experiencing a well-funded and well-organized attempt to destabilize this country by ignoring and
4 destroying the rule of law, and

5 *Whereas*, this assault is taking the form of millions of dollars being poured into district attorney and judicial races to
6 replace conservative prosecutors and judges who protect the lives, liberty, and property of citizens with progressive
7 prosecutors and judges who avoid trial by jury and talk about “root causes,” “restorative justice,” and “bail reform”
8 while releasing criminals back onto the streets to prey on the public, and

9 *Whereas*, refusal to enforce shoplifting laws results in wholesale looting that destroys vital services; refusal to enforce
10 laws against carjacking and assault threatens everyone’s freedom of movement; and refusal to enforce gun laws enables
11 armed felons to terrorize entire neighborhoods, and

12 *Whereas*, refusal to enforce election law threatens the survival of our free republic, and

13 *Whereas*, the failure of prosecutors and judges to protect the lives, liberty, and property of citizens has compelled
14 millions of desperate Americans to arm themselves, and

15 *Whereas*, we need an independent federal judiciary with the power to overrule unconstitutional actions of both the
16 legislative and executive branches, but we cannot permit judges to make or alter the law from the bench, and

17 *Whereas* “activist” judges commonly rationalize revising or ignoring the constitutional law to achieve what they deem to
18 be more virtuous outcomes thereby perverting the “rule of law” into the “rule of judge.”

19 RESOLVED that the Republican Party of Sheboygan County in caucus assembled

- 20 1. urges the legislature to insure adequate funding for prosecutors’ offices, courts, and prisons, and
- 21 2. dedicates itself to investigating and publicizing the philosophies and records of candidates for prosecutor and
- 22 judge, and
- 23 3. promises to actively campaign for prosecutors and judges who believe in the rule of law and our federal and
- 24 state constitutions.

26 **2023-11 Secure Religious Liberty**

27 *Whereas*, the right to practice one’s faith is a God given right guaranteed by our Constitution, and

28 *Whereas*, religious persecution is increasing throughout the world--from the executions in the Middle East,
29 concentration camps in North Korea and China, and the slaughter of entire Christian villages in Nigeria, and

30 *Whereas*, our own government has termed churches “non-essential” and attempted to close them.

31 RESOLVED that the Republican Party of Sheboygan County in caucus assembled

- 32 1. declares that no public official has the authority to deny citizens the right to worship per the Wisconsin
- 33 Constitution Article I Section 18 and recommends that citizens refuse to obey such lawless orders, and
- 34 2. commends the Wisconsin legislature and the Wisconsin Supreme Court for overriding the governor’s illegal
- 35 order to shut down public worship, and
- 36 3. urges the federal government to formally identify countries and organizations persecuting Christians and
- 37 other non-violent religious groups and use the power of the U.S. federal government to oppose them.

2023–12 Defend Marriage and Family

Whereas, independent families with fathers and mothers who marry, give birth, nurture, and teach the next generation are the most important foundation for a stable civil society, and

Whereas, Democrats are attempting to destroy the independent family and are denying the fact that there are biological differences between men and women.

RESOLVED that the Republican Party of Sheboygan County in caucus assembled

1. declares that we are the party of family; celebrating the mystery of romance and marriage, the unique responsibilities of fatherhood and motherhood, the comfort and pain of home and family, and
2. declares that we oppose all that weakens the family, such as tax systems that encourage people not to marry, social programs that encourage families to break apart or have children out of wedlock, and sex education that dismisses gender as simply an illusion and sex as little more than entertainment, and
3. recognizes that differences between men and women often call for separate treatment:
 - for bathrooms and dormitories
 - sports where women need not compete with biological males
 - for prisons that separate incarcerated men and women
 - for a military that does not draft women, and
4. calls our state legislature to criminalize the administration of puberty blockers and opposition hormones by parents, medical staff, or other third parties for the purpose of gender transitioning minor children, and
5. calls on our state legislature pass laws that enable minor children who have been “transitioned” to recover damages against parents, medical staff, or other third parties for ten years after reaching the age of majority while allowing for the full recovery of attorney fees where there has been a willful and intentional administration of experimental puberty blockers and apposition hormones upon a minor child, and
6. opposes any attempts by professional organizations to force physicians to support gender transitioning.

2023-13 Honor Labor

Whereas, employers in Wisconsin are desperate to fill vacant jobs and workers need to be productive, and

Whereas, the size and number of government benefit programs encourages people to remain unemployed, and

Whereas, all citizens must be required to support themselves and their families, not depend on government,

RESOLVED that the Republican Party in caucus assembled that

The legislature limit the benefits that induce people not to work.

1 **2023-14 Promote Free Markets**

2 *Whereas*, in a free-market system the state government has no business setting prices, and
3 *Whereas*, Wisconsin’s retailers are still governed by the Unfair Sales Act originally passed in the 1930’s, and
4 *Whereas*, the minimum markup law, which has outlived its usefulness, requires Wisconsin residents to pay higher prices,
5 *Whereas*, crony capitalism enables price fixing which is injurious to consumers.

6 RESOLVED, that the Republican Party of Wisconsin, in caucus assembled,
7 Repeal the Unfair Sales Act, otherwise known as the Minimum Markup Law.

10 **LOCAL**

11

12 **2022-15 Restore Education**

13 **K-12**

14 *Whereas*, the survival of this free republic requires that we teach the next generation to appreciate its foundational
15 principle of liberty through law, its Constitutional form of government, its history, and its unique culture, and

16 *Whereas*, in addition to teaching this country’s foundational principles, schools also must teach self-control, personal
17 responsibility, and respect for the rights of others and for the rule of law, and

18 *Whereas*, the primary responsibility for educating children resides in the family working through the local school board,
19 not the state or federal government, and

20 *Whereas*, the Wisconsin school choice program promotes liberty by encouraging more independent schools that
21 increase competition, creativity, and innovation while reducing costs to the taxpayer, and

22 *Whereas*, Marxism, now renamed “Critical Race Theory,” and revisionist “histories” like the
23 1619 Project that oppose our foundational principles, have taken root in our state educational system, and

24 *Whereas*, many schools without parental knowledge or permission have exposed children, often at a very young age, to
25 transsexual ideology that is destructive to the family and promotes a dangerous gender confusion, and

26 *Whereas*, schools have been the targets of terrorist attacks.

27

28 RESOLVED that the Republican Party of Sheboygan County in caucus assembled

- 29 1. condemns Tony Evers’ inflating the costs of public schools in Wisconsin by pouring more millions of taxpayer
30 dollars into the dysfunctional MPS bureaucracy, and
31 2. calls our state legislature to expand the Wisconsin School Choice program to include all students, and
32 3. calls on our state legislature to ensure that independent schools remain independent of state and federal
33 departments of education control, and

- 1 4. supports candidates for local school boards who support the foundational principles of the country and
2 represent the values of parents, and
- 3 5. urges local public-school boards to prioritize teaching self-control, personal responsibility, and a respect for
4 the law, rather than a sense of victimhood and feelings of entitlement, and
- 5 6. demands that public school boards eliminate political indoctrination programs such as the “1619 Project” and
6 critical race theories that subvert our foundational principles and destroy the peace and unity of this country,
7 and
- 8 7. calls public school boards to require parents to opt in, not opt out, of programs that deal with human sexual
9 growth and development, and
- 10 8. demands that public school boards not allow schools to promote a gender ideology that encourages gender
11 confusion that is destructive to the family, and
- 12 9. demands that any school official who sexualizes young children or allows children to be medicated without
13 written parental permission be prosecuted, and
- 14 10. calls on the state legislature to permit properly trained custodial staff to be armed.

16 Post High School

17 *Whereas*, many public university administrations, rather than affirming the unifying principle of equal justice under the
18 law have created a divisive “diversity” industry that profits from generating racial, gender, and class conflict, and

19 *Whereas*, many departments, including departments of education within our universities, now oppose the traditional
20 American values that form the basis for this country, such as the sanctity of every life, individual liberty, private
21 property, and equal justice under the law, and

22 *Whereas*, a constitutional republic that teaches its next generation to hate its foundational principles is doomed, and

23 *Whereas*, the vast number of career options open to students upon high school graduation requires students to take
24 primary responsibility to invest in their own career choices, and

25 *Whereas*, loans taken out for higher education should be paid by those who borrow the money, and

26 *Whereas*, easy access to federally guaranteed loans for higher education has inflated its cost, thereby saddling many of
27 those who do choose that career option with crushing debt, and

28 *Whereas*, colleges and universities need to take responsibility for the price and the quality of their products.

29 RESOLVED that the Republican Party of Sheboygan County in caucus assembled,

- 30 1. urges our Wisconsin State Legislature to demand that our universities hire to promote a diversity of thought
31 rather than diversity of skin tone, gender, and sexual orientation, and
- 32 2. recommends that all state funded universities require at least one course that teaches an appreciation for
33 the history of our country and another that teaches our principles of law and justice and our founding
34 documents, including the Declaration of Independence, The Constitution, The Wealth of Nations, Common
35 Sense, and the Federalist Papers, and
- 36 3. demands that state universities uphold the constitutional rights of their adult students and staff, and
- 37 4. calls Congress to require student loans be provided and managed by university foundations and private
38 business, not by the federal government; and
- 39 5. renews our demand that Congress delete the unconstitutional Department of Education with its
40 unconstitutional title IX orders.

2023-16 Revive Medical Freedom

Whereas, our founders, no strangers to pandemics, wars, and the struggle for survival, developed a constitutional system that releases the ingenuity, ambition, and altruism of every free citizen to create a nation so peaceful and so successful that it is in danger of being overwhelmed by billions of people wanting entrance, and

Whereas, when faced by the Covid “emergency,” Democratic administrations at every level abandoned this system best able to deal with emergencies, and chose the worst possible system--the arbitrary orders of panicked politicians and socialist planning agencies like the CDC and the CISA (Cybersecurity and Infrastructure Security Agency), and

Whereas, this is a nation of law not of dictatorial decree, and

Whereas, no person or agency can fully understand the complexity of the human body or all of the relationships and interrelationships that comprise public health, and

Whereas, unaccountable public “officials” now routinely use taxpayer funds to advertise experimental treatments without any warnings about possible side effects, order mass vaccinations of entire populations without considering preexisting conditions, forbid doctors and hospitals to use treatments used successfully around the world, and even inject vulnerable children at school without parental permission, and

Whereas, it is impossible for any person or agency to distinguish between “essential” and “nonessential” jobs in our infinitely complex and interrelated free market system, and

Whereas, this administration has issued blanket shut down orders for schools and businesses they deem to be “nonessential,” and by so doing have destabilized the entire economic and social ecosystem, destroying thousands of small businesses while enriching the few, and disrupting the lives and livelihoods of millions, and

Whereas, this same administration, encouraged by its success in using “the Covid” to terrorize the public into submission, is now attempting to use the same tactics by declaring our ever-changing climate to be an “emergency” that requires their control of the liberty and property of every citizen.

RESOLVED that the Republican Party in caucus assembled,

1. declares that no public official or agency has the authority to override the constitution simply by declaring an “emergency,” and
2. declares all citizens in legal jobs and jury service to be essential workers, and
3. calls all corporations, businesses, and schools, public and private, to respect the liberty of their employees and the American public, and
4. calls on hospitals, Wisconsin DSPS, insurers, and licensing boards to respect the duty of physicians and professional staff to treat their patients as they see fit and not bow to the dictates of our increasingly politicized public health and big pharma establishments, and
5. demands that our medical establishment and pharmacies in the State of Wisconsin obey the spirit and letter of our “right to try” law, and
6. demands that the legislature defund the “Covid/climate” control apparatus whenever and wherever it appears.

1 **2023-17 Support Local Law Enforcement**

2 *Whereas*, the Republican Party stands for the “Liberty through Law” that occurs when the same law is applied equally to
3 all, including those who make and enforce the law, and

4 *Whereas*, people flock to this country where citizens and their property can be safe from the power of their own
5 government and the power of lawless individuals and mobs, and

6 *Whereas*, we lose our liberty when Antifa, BLM, and Marxist thugs burn our cities with impunity, when smash and grab
7 mobs loot our businesses, when fearless gangs assault and gun down our citizens in the streets, and

8 *Whereas*, many Democrat mayors and governors enable and even support individual and mob violence against the very
9 citizens whom they have sworn to protect, and

10 *Whereas*, citizens who have been forced to use firearms to protect their lives, homes, businesses, and those of others
11 have themselves been targeted by the same law enforcement establishment that failed to defend them in the first
12 place.
